**Statement:**

It is an honor to have represented you in the Alaska Legislature for nearly eight years. I have deliberated and voted to make our state a safer place to live and work; to provide jobs for families, and to support our business community.

Seven years of hard work for Eagle River, Chugiak, Birchwood, and JBER on the Anchorage Assembly compliments my service in the State House and has given me the experience to represent District G in the Senate.

As a public servant for over 15 years, I will remain responsive to the needs of our community and our families.

Casting votes that affect you, your business, and our environment is a huge responsibility. I consider each issue carefully. I respectfully listen to all sides of an issue and seek to understand the consequences of those choices.

I will continue to advocate for:

- Quality education and safe neighborhoods.
- Controlled state spending & implementation of a long-range financial plan.
- Funding for road repair and construction.
- Ethical and responsible resource development.
- Protection of your Permanent Fund Dividend.

Working together we will make a positive difference!

Thank you for taking the time to participate in the election process.

I appreciate the trust you have placed with me over the last 15 years in elected office and respectfully ask for your vote in both the Primary and General Elections. I am the energetic, conservative candidate for Senate District G and I look forward to being your voice in the State Senate.
